PROFILE

A computer science student in grade 3 with a background in network security and ethical hacking through my academic journey. Equipped with hands-on penetration testing skills honed through Digital Egypt Pioneers Initiative (DEPI) as a penetration testing trainee and self-learning efforts seeking a challenging position in a forward-thinking organization. Eager to contribute and grow technical expertise while driving innovative solutions that support organizational goals.

EXPERIENCE

Cyber Security Bootcamp (Cybertalents)
Internship – Introduction to cyber security
Duration: 3 Months - 2023

- In the learning journey, we learned different topics including essential cybersecurity concepts and their goals, some threats and vulnerabilities, OS Security, Web Application Security, Data Encryption Techniques, and Network Security Fundamentals.

CCNA v7 – Routing and Switching (NTI)
Internship – CCNA
Duration: one month - 2024

In the learning journey, we learned different topics including:

- Build small Networks.
- Understand different addresses used in the data networks.
- Implement basic and advanced configurations to the network switches and routers.
- Explain how wireless topologies work in an enterprise network.
- Explain how to secure both wired and wireless networks.
- Explain the different WAN technologies with the requirements for an efficient and secure Internet connection.

Digital Egypt Pioneers Initiative (DEPI)
Internship - Vulnerability Analysis & Penetration Testing
Duration: 6 Months - 2024

- Conducted vulnerability assessments and penetration tests using tools like Nmap, Metasploit, and other tools.

- Gained hands-on experience in securing networks and databases.

EDUCATION

Arab Open University, Faculty of Computer Science

Major: Cyber Security | Grade: very Good

SKILLS & ABILITIES

- Programming (Python, C++)
- CCNA
- Network Security
- Operating Systems (Windows, Linux)
- Object Oriented Programming (OOP)
- Database Management (SQL)
- Problem Solving
- Troubleshooting
- MS Office

LANGUAGES

- Arabic: Native Language
- English: Intermediate (B1)
